

# DECKFAST® Stainless 305 and 316

Stainless Steel Screws for Hardwood, Cedar, Redwood and Pressure Treated Decking

**Deckfast® Stainless 305 and 316** screws for hardwood, cedar, redwood and pressure treated decking are extremely versatile, premium quality deck screws. They feature extra deep star drive recesses, type 17 auger tips, and trim or reinforced flat heads. Deckfast Stainless screws are available in both Grade 305 and Marine Grade 316 stainless steel for superior corrosion resistance.

Deckfast Stainless screws match the profiles of **Smart-Bit®** Pre-drilling and Countersinking Tools. For materials that require pre-drilling, especially hardwoods, this product combination makes it easy to achieve a clean and professional finish.

Approved for use with ACQ treated lumber. For applications exposed to salt air, near large bodies of water, swimming pools or other areas where corrosion is more likely to occur, use Marine Grade 316 Deckfast Stainless or Marine Grade 316 Headcote®.
