TYPAR® BUILDINGWRAP

HERE'S HOW WE DEFINE HIGH-PERFORMANCE IN THE INDUSTRY.

TYPAR BuildingWrap excels in all the ways that matter most to true construction pros. For starters, it's rugged—with tear strength that's five times greater than the competition. And while it blocks air and water from getting in, it's smart enough to let moisture out of the wall cavity. That means it stands up to the elements with toughness and intelligence other building wraps can't touch. Plus it delivers incredible durability, efficiency, and safety long after the cladding is up.

LEADING FEATURES AND BENEFITS:

- Superior water holdout defends the wall cavity
- Exceptional air blockage increases energy-efficiency
- Optimal breathability decreases risk of mold growth
- Extraordinary tear strength prevents worksite damage
- Surfactant resistance reduces hazards of oils, soaps, and powerwashing
- UV protection stops rays and provides six months exposure time
- Works with most types of cladding
- Lifetime limited warranty*
